

# WAY TO GO

## **Ferrari**

1. So this is life now –  
I'm carrying a lady, who's carrying a baby,  
And the pressure's on my shoulders.  
(Did you know that I have shoulders?)

I'm feeling scared now –  
Don't think that I can do this, you know I didn't choose this,  
Coz you know I'm just a donkey?  
I'm a slightly fearful donkey!

## **All**

### **CHORUS**

*We'll put one foot in front of the other,  
We'll keep on down the road.  
We've got no idea how long we'll be here,  
One step at a time is the way to go!  
One step at a time is the way to go!*

## **All**

2. We're in the story –  
We've got to stick together, through bright and stormy weather,  
Coz we're like a little family  
And it's nice to have a family.

We're on a journey –  
It's feeling pretty scary, especially for Mary,  
But we know that God will guide us,  
Coz the angel said He'd guide us.

### **CHORUS**

*We'll put one foot in front of the other,  
We'll keep on down the road.  
We've got no idea how long we'll be here,  
One step at a time is the way to go!*

### **LAST CHORUS**

*Just one foot in front of the other,  
We'll keep on down the road.  
We've got no idea how long we'll be here,  
One step at a time is the way to go!  
One step at a time is the way to go!  
One step at a time is the way to go!*
